

UNIVERSITY OF  
COPENHAGEN

A big part of the growth in Sub-Saharan **Africa** over the past two decades comes from the revolution in information technology. Today over 80 percent of urban Africans have access to mobile phones, yet 85% of Africans don't have access to the internet.

UNIVERSITY OF  
COPENHAGEN

Despite widespread international efforts to promote democratic and liberal politics, the state of freedom in the world declined for the eighth consecutive year in 2013 leaving more power to authoritarian leaders.
